INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1940 edition of the Greensboro City Directory.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Greensboro is estimated at 80,578, based on the number of personal names in the Alphabetical section of the Directory, with due allowance for those under Directory age. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory, and, likewise, in the population estimate.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 455, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro, and the name, official personnel, nature and address of each firm and corporation in the city. A feature of this section is the designation of the number of minor children in each family.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 457 to 534. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

THE BUYERS' GUIDE, beginning opposite page 536 and separately paged from 1 to 50, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Greensboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Greensboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 587 to 639, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an im-

portant part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro.

The Greensboro Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Guilford County is administered by a commission of five elected at large. It is generally regarded as one of the best-managed counties in the state, being frequently pointed to as a model by the North Carolina Institute of Government.

GUILFORD COUNTY COURT HOUSE, GREENSBORO

Greensboro, county seat, is administered by a non-partisan council of seven nominated by districts elected at large. The council employs a full-time experienced city manager. For many years the council has been composed of successful business and professional men of demonstrated capacity in their private undertakings.

The council has directed municipal affairs upon well-established business principles uninfluenced by partisan political considerations. Good management is reflected in nationally-recognized superiority in public health administration; reduction of fire losses and low insurance rates; the salability of municipal bonds; low tax rate (according to National Municipal Review, Greensboro's tax rate was lowest in U. S. or Canada among cities of 50,000 to 100,000 population); efficient police protection; unusually good water supply; clean, well-paved streets; modern sewerage and sanitation facilities. These and other evidences of good government have given to the city an atmosphere of enterprise and well-being which causes it to be enthusiastically pointed out as "a good town." Assessed valuation of property in Greensboro, \$89,127,608.

Old city tax rate, \$1.43; new city tax rate, \$1.19.

Education

GUILFORD COUNTY has nine institutions of higher education, with between 4,000 and 4,500 students. Fifteen modern consolidated rural public high schools and 45 new urban public schools; total enrollment, 32,373.

GREENSBORO: The Woman's College, University of N. C., ranks high among liberal arts colleges in America. Founded in 1891. Advanced schools of music, art, dramatics, home economics, physical education and secretarial science. Grants bachelor of arts and science degrees and offers graduate work. Dr. W. C. Jackson, dean.

GREENSBORO COLLEGE (Methodist): For 100 years has been highly regarded as a liberal arts school for young women. Music, dramatics, and cultural courses leading to bachelor degrees. Dr. Luther Gobbel, president.

GUILFORD COLLEGE (Quaker co-ed.): Established 1836—an accredited liberal arts college, conferring bachelor degrees. Dr. Clyde A. Milner, president.

HIGH POINT COLLEGE (M. P.): Founded 1924 at High Point. Liberal arts courses, bachelor degrees. Dr. G. I. Humphries, president.

OAK RIDGE MILITARY INSTITUTE (R. O. T. C.): Founded at Oak Ridge, 1851. Boys' preparatory school with long record for highest

PALMER INSTITUTE (N.): Founded 1902—liberal arts. Dr. Charlotte H. Brown, president.

Industry

117 industrial and service industries.

12,500 workers (est.).

\$18,250,000 payroll (est.).

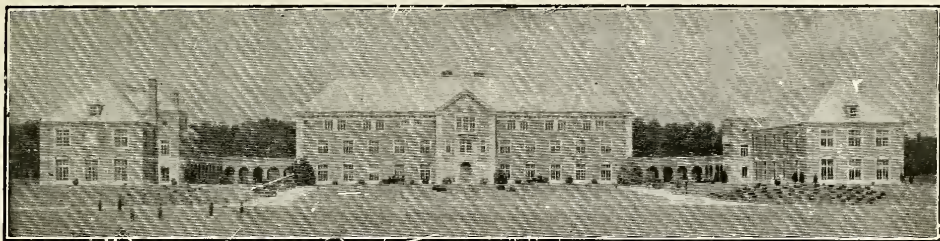

\$62,000,000 value of products (est.).

Greensboro's industrial structure is well diversified—there are cotton, silk and synthetic textile mills; women's full-fashioned silk stocking and men's hose mills; wood-work-

repair shops; ice cream and dairy products plants; printers and bookbinders; and a variety of specialty manufacturers.

The Cone Mills are the largest producers of cotton denim in the world. The Blue Bell Overall Co. is the largest in America, and the Mock-Judson-Voehringer Hosiery Mill and Pomona Terra Cotta Co. are the largest in the South. Vick's Vapo-Rub is known around the world.

The principal industrial advantages are climate, good living and working conditions, availability of intelligent native labor (500,000 population within one hour's auto

PILOT LIFE INSURANCE COMPANY HOME OFFICE

ride to draw from), harmonious industrial relations, strict maintenance of law and order, efficient public utilities, adequate power, water and sewage-disposal; competitive transportation facilities, accessibility to raw materials and profitable markets, low taxes and insurance, and good government. Operating under these conditions and certain intangible factors, manufacturers have demonstrated that goods can be produced and sold at Greensboro for a larger net profit than in comparable establishments elsewhere, giving local plants a decided competitive advantage.

Commerce and Trade

GREENSBORO is easily accessible to a 50-mile trade area having 908,000 consumers (1930 Census), 180,000 families (est.), \$70,000,000 industrial payroll (1930 Census), and \$699,719,000 of industrial production (1930 Census).

Greensboro is the principal market of the northern Piedmont. There are approximately 1,300 retail, service and professional outlets, handling goods, wares and merchandise lines available in metropolitan centers.

Retail sales approximately \$30,000,000 annually.

Wholesale and agency establishments travel between 1,500 and 1,800 salesmen and agents and distribute a wide variety of merchandise over a much larger territory. The area served has greater purchasing power than comparable areas surrounding Richmond or Atlanta.

The home offices of several large insurance companies, together with the territorial and general agencies of numerous national firms, offering all forms of coverage, have created an "insurance fraternity" which characterizes Greensboro as the "Hartford of the South."

Greensboro is one of the principal cities for Virginia and North and South Carolina conventions. Because Greensboro is the focal point of the most densely populated area in these three states, many organizations register larger attendance at Greensboro than elsewhere. Class "A" hotels offer every modern facility.

Greensboro is territorial headquarters for many nationally-known firms: Dodge Bros., Chrysler Corp.,

SEDFIELD INN AND GOLF COURSE

Western Auto Supply, Truscon Steel, etc.

Bank clearings—1939—\$234,380,000.

Postal Receipts—1939—\$519,714.63.

Transportation

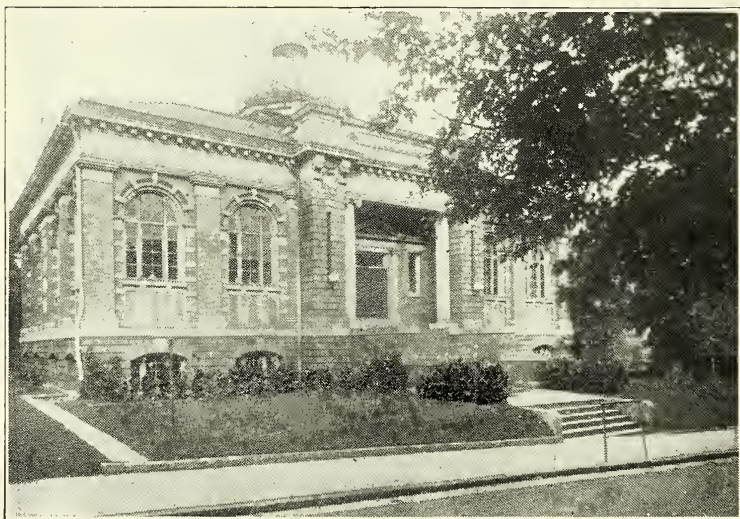

REGULAR SCHEDULED DAILY DEPARTURES: 32 passenger trains, 61 busses in and out week days (92 in and out Sundays), 4 planes daily (2 northbound and 2 southbound), 29 freight trains, and 51 package cars.

Greensboro is the focal point of rail, highway, and air carriers of the northern Piedmont. It is served by the main line of the Southern Railway system (double-track), running north and south. Here also is the

on practically all passenger trains, making available passenger train express service at railroad freight rates to all points in North Carolina and to a large portion of Georgia, South Carolina, Tennessee and Virginia and a part of West Virginia.

A network of more than 1,000 miles of hard-surfaced highways within a radius of 50 miles, provides a means of easy access to Greensboro for approximately 160,000 automobile owners in the area.

Standard bus lines move in eight directions, connecting with all principal cities. Atlantic Greyhound, Carolina Coach and the other carriers operate under State regulations, clearing through a union terminal.

ONE OF GREENSBORO'S THREE PUBLIC LIBRARIES

east and west line of the North Carolina Railroad (Southern operated), and the Southern Railway line, Greensboro to Winston-Salem and points beyond. Greensboro is also served by the Atlantic & Yadkin Railway, providing through rates and routes to and from points in all parts of the country by its direct connections with the Atlantic Coast Line Railroad, Norfolk & Western Railroad, Norfolk Southern Railroad and Seaboard Air Line Railway.

Modern union passenger, mail and express terminals with free pick-up and store-door delivery on LCL shipments. Railway Express Agency maintains express service

Greensboro-High Point Airport—"Lindley Field" (a pioneer in the Southeast)—serves Greensboro and High Point. On Eastern Air Lines' main line, New York to New Orleans—passengers, mail and express. The field has paved runways large enough to land planes, 21-passenger size; a first-order weather bureau, hangars, restaurant, modern lighting, service equipment, radio beacon, radio and telephone. Transportation facilities and density of population combine to make Greensboro more easily accessible to more people than any other city in the South Atlantic States.

Greensboro is served by a large number of trucking companies, having excellent warehouse facilities

and operating large fleets of trucks in all directions, which further adds to Greensboro's transportation facilities, with transportation rates to serve all industries on a fair basis.

Religious and Social Features

The church as an institution has always been a powerful and constructive force in the life of every neighborhood in Guilford County. The Quaker Meeting House at New Garden (now Guilford College) was established in 1754. Old Buffalo Presbyterian Church was established in Greensboro in 1756.

Colonial churches at Alamance, Deep River, Friedens and elsewhere in this county have made important

contributions to the development of fine character and strong citizenship.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome and inspiring places of worship. There exists among all communes an extraordinary religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around and in their neighborhood churches. The urban churches also have highly-developed social programs.

Modern country clubs at High Point, Sedgfield, Starmount and

THE O. HENRY HOTEL

Greensboro have handsome club-houses, where friends gather for dancing, bridge, study, musical programs, fox-hunting, riding, tennis, skeet, hiking, swimming and many other forms of social intercourse.

Regular music and lecture courses bring outstanding attractions to the city: Authors and artists, symphony music, occasional opera and metropolitan stage productions. Seven moving-picture theatres (two largest seating 2,600-1,800) offer current attractions. Two auditoriums seating 2,800 and 1,800.

The famous "Playliker" organization of Woman's College, University of N. C., and the dramatic units at Greensboro and Guilford colleges offer an outlet for amateur theatricals.

Recreation

Elevation, 839 feet above sea level.

Mean temperature, 56.9 degrees F. (forty-year average).

Days of clear sunshine, 136 annually (forty-year average).

Humidity, 53.185 (forty-year average).

KING COTTON HOTEL

Precipitation, 45.65 inches (forty-year average).

Park and playground area, 425 acres.

Few sections offer greater opportunity for year-'round living out-of-doors, or more varied recreational advantages. The extent to which people in all walks participate in outdoor pursuits is remarkable, and has a distinct influence on community health and well-being. Greensboro has repeatedly won national recognition in municipal health contests.

The World War Memorial Stadium provides an ideal setting for major football games, day and night baseball, interstate track meets, tennis tournaments, etc.

A city-country park provides three lakes for swimming, fishing and boating. A recreation center near

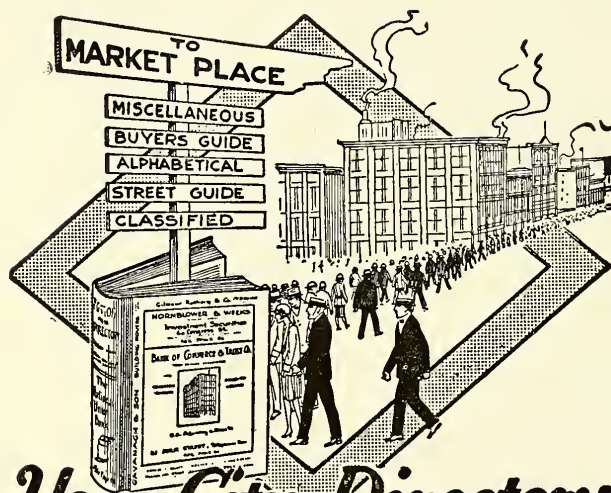

Jamestown affords a modern swimming pool. Brandt Lake offers boating and fishing.

At Sedgefield there are horses and foxhounds. The countryside abounds in quail and other game. Several game preserves are maintained by sportsmen of national prominence. There are 25 private clubs and camps nearby, containing a total of 2,273 acres of land and 175 acres of water area.

Championship 18-hole golf courses, private tennis courts and swimming pools are offered by country clubs at High Point, Starmount, Sedgefield and Greensboro. A total of 425 acres reserved for parks and playgrounds by the City of Greensboro, and a full-time recreational director is employed to promote a well-rounded program of neighborhood activity throughout the year.

Pinehurst and Roaring Gap resorts within two hours' drive.

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1940

Copyright, 1940, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

TWO *Distinct* SERVICES

● AUTOMOBILE LOANS

With a low-cost automobile loan from the Home Industrial Bank, you may purchase the latest model cars, refinance the payments on your present car, or you may use your car as collateral for a loan. There is no investigation fee—no appraisal fee—and only the necessary insurance is required, which is written in Greensboro at the regular published rates.

● PERSONAL LOANS

Thousands of Greensboro people have found a personal loan from the Home Industrial Bank the answer to any need for extra money. These loans are easy to make, and the repayment may be divided into small weekly or monthly installments. Borrowing from the Home Industrial is like borrowing from an old friend.

Any officer of the Home Industrial will be glad to explain these loan plans to you, and to show you how the Bank can assist you in any phase of financing.

THE BUILDING OF THE PYRAMID

All of the toil and effort that went into the building of those mammoth Pyramids which have weathered the storms of centuries and the hot Egyptian sun—all of this would not compare with the toil and effort used to build this pyramid of assets.

But there is a difference. The Egyptian Pyramids were built by slaves as monuments to kings, builded by the driving toil of unwilling hands. The National Pyramid is builded by free men in the pursuit of health and happiness for their loved ones, builded by willing hands and unselfish hearts.

BEWARE OF PINS IN YOUR SHIRTS

—They are a sign of an
inferior Laundry Service!

Ideal shirts are folded short . . . so that they fit compactly into your dresser drawer or traveling bag. The collar is protected against crushing—all buttons unbuttoned—NO PINS TO UNPIN—just break the band and your shirt is ready to jump into!

We challenge you to equal this new shirt service anywhere—it's one of the many reasons men are insisting that their wives send the laundry to—

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
